Finance and Facilities Committee Meeting
July 12, 2018
Agenda

I. Approval of April 19, 2018 Minutes  
II. Action and Information Items

A. Designer Selections for Capital Projects  
   1. Building 43 Renovations  
   2. Biology Greenhouse

B. Approved EHRA Employee Salary Adjustments  
Pursuant to September 30, 2016 Expanded authority

C. Millennial Property Update

D. Designer Selections since last Board meeting

E. Capital Projects Update

F. Campus Safety Update

G. Parking Update

H. Dail House and Proctor Young

I. Other
Agenda Item: I.A. Approval of April 19, 2018 Minutes

Responsible Person: Sara Thorndike, VC for Administration & Finance

Action Requested: Approval

Notes: N/A
The Finance & Facilities Committee of the ECU Board of Trustees met in regular session on April 20, 2018 at 10:30 am at the Murphy Center. Committee members present included Edwin Clark, Vern Davenport, Leigh Fanning, Deborah Davis Max Joyner, Vince Smith and LaQuon Rogers.

Finance and Facilities Committee met on April 19, 2018.

I. MINUTES
   A. The committee approved the minutes from the February 15, 2018 meeting.

II. ACTION AND INFORMATION ITEMS
   A. Sara Thorndike, VC for Administration and Finance, provided the Related Persons Report.

   B. Sara Thorndike, VC for Administration and Finance, provided the Approved EHRA Employee Salary Adjustments.

   C. Sara Thorndike, VC for Administration and Finance, provided the Update on the Designer Selections since the last Board meeting.

   D. Bill Bagnell, Associate VC for Campus Operations, updated the committee on Capital Projects.

   E. Bill Koch, Associate VC for Environmental Health and Campus Safety and Chief of Police, Barnhill, shared the Campus Safety Annual Report.

   F. Bill Koch, Associate VC for Environmental Health and Campus Safety shared a Parking Update.

   G. Max Joyner, Chair of Finance and Facilities, shared some history and information on the Dail House.

   H. Max Joyner, Chair of Finance and Facilities, shared information regarding Millennial Campus.

Meeting adjourned at 11:15 am.

Respectfully Submitted,
Rhonda Jordan, VC Administration & Finance Office
Agenda Item: II.A. 

Designer Selections for Capital Projects 
- Building 43 Renovation 
- Biology Greenhouse 

Responsible Person: Sara Thorndike, VC for Administration & Finance 
Bill Bagnell, Associate VC for Campus Operations 

Responsible Person: Sara Thorndike, VC for Administration & Finance 

Action Requested: Approval 

Notes: N/A
Finance and Facilities Committee
Facilities Engineering and Architectural Services
Action Items
Action Item #1: Designer Selection for Building 43 Renovation

Project Information:

- Building 43 is located on Founders Drive in the Campus Core District of ECU’s Master Plan. This existing 2 story building is approximately 25,000 GSF and occupied by Mail Services, ECU Housekeeping Services, Dive Safety equipment storage, miscellaneous ITCS storage and an Environmental Health and Safety chemical storage area. The current facility has limited HVAC and is not fully accessible.

- The intended project will re-purpose the building into a fully accessible, conditioned, technology driven joint use / collaborative facility for the College of Business and College of Engineering and Technology. These Colleges are actively looking for more opportunities to collaborate with one another. Current operations in the building will be relocated except for the chemical storage. It will remain, but it will only be accessible from the exterior of the building and will be a very limited portion within the total renovation.
Action Item #1:
Designer Selection for Building 43 Renovation

On June 14, 2018, the designer pre-selection committee for the above referenced project conducted interviews with four (4) firms who were shortlisted based on a qualifications based selection criteria as required by the State Building Commission.

The committee consisted of Harry Ploehn, Dean, College of Engineering & Technology; Mike Harris, Professor and Director, Miller School of Entrepreneurship, College of Business; Max Joyner, Board of Trustees; Bill Bagnell, Associate Vice Chancellor, Campus Operations; John Fields, Director, and Michael Talton, Project Manager, Facilities Engineering & Architectural Services; and Ricky Hill, Director Facilities Services.

Based on the interviews and requirements of this project the committee recommends the following firms in prioritized order with Top firm being the top recommended firm.

- Clark Nexsen, Raleigh, NC
- MHAworks, Greenville, NC
- RATIO design, Raleigh, NC
- 310 Architecture & Interiors, Raleigh, NC

To the best of our knowledge and belief all steps in the selection process were conducted in accordance with State Building Commission requirements as they apply to the institutions of the University of North Carolina.

Action Item #1 – Approval of the top recommended firm, Clark Nexsen, is requested.
Action Item #2:  
Designer Selection for Biology Greenhouse

Project Information:

• The Biology Greenhouse on the main campus does not meet current departmental and institutional research needs.
• This project comprises 7360 SF of new greenhouse/head house facilities. The greenhouse portion will have multiple rooms for research and teaching, and will be two thirds conventional greenhouse and one third containment greenhouse.
• The support building is for plant processing and storage. Both facilities will be designed for future expansion to accommodate ECU's growing research and development needs in biology.
Action Item #2: Designer Selection for Biology Greenhouse

On June 15, 2018, the designer pre-selection committee for the above referenced project conducted interviews with three (3) firms who were shortlisted based on a qualifications based selection criteria as required by the State Building Commission.

The committee consisted of Michael Van Scott, Senior Associate Vice Chancellor, Research, Economic Development & Engagement; Claudia Jolls, Associate Professor, Biology; Julie Marik, Research Specialist, Biology (ex-officio); Leigh Fanning, Board of Trustees; Bill Bagnell, Associate Vice Chancellor, Campus Operations; John Fields, Director, and Michael Talton, Project Manager, Facilities Engineering & Architectural Services; and Ricky Hill, Director, Facilities Services.

Based on the interviews and requirements of this project the committee recommends the following firms in prioritized order with Clark Nexsen being the top recommended firm.

- Clark Nexsen Raleigh, NC
- Flad Architects Raleigh, NC
- Lord Aeck Sargent Chapel Hill, NC

To the best of our knowledge and belief all steps in the selection process were conducted in accordance with State Building Commission requirements as they apply to the institutions of the University of North Carolina.

Action Item #2 – Approval of the top recommended firm, Clark Nexsen, is requested.

SUBJECT: Building 43 Renovation

East Carolina University is requesting proposals from qualified design firms for the subject project. Detailed project information is as follows below.

Building 43 is located on Founders Drive in the Campus Core District of ECU’s Master Plan. This existing 2 story building is approximately 25,000 GSF and occupied by Mail Services, ECU Housekeeping Services, Dive Safety equipment storage, miscellaneous ITCS storage and an Environmental Health and Safety chemical storage area. The current facility has limited HVAC and is not fully accessible.

The intended project will re-purpose the building into a fully accessible, conditioned, technology driven joint use / collaborative facility for the College of Business and College of Engineering and Technology. These Colleges are actively looking for more opportunities to collaborate with one another. Current operations in the building will be relocated except for the chemical storage. It will remain, but it will only be accessible from the exterior of the building and will be a very limited portion within the total renovation.

Both Colleges need areas in which to work individually, work in small groups, participate in large joint lectures, have classes and host academic competitions. Many of the proposed spaces in the building are envisioned as places for both groups to work and study simultaneously in a collaborative and innovative environment. Creating these types of environments is part of ECU’s 2017-22 Strategic Plan, “Capture Your Horizon”.

The ECU project manager for this project is Michael Talton. Interested firms should submit three (3) copies of your letter of interest and current SF330 to the ECU project manager at the address below by 5 pm, April 18, 2018.

Michael Talton, AIA, NCARB  
East Carolina University  
Facilities Engineering & Architectural Services  
1001 E. Fourth St.  
Greenville, North Carolina 27858

In accordance with our qualifications-based selection system, designers are expected to make no contact with our University staff, faculty or trustees at this stage of the selection process. All questions should be directed to the ECU Project Manager. The use of fax or email is highly recommended. East Carolina University encourages participation by MWBE firms and supports UNC system’s policy of ensuring and promoting opportunities for Historically Underutilized Businesses (HUB).

Thank you for your interest in East Carolina University.

SUBJECT: Biology Greenhouse

East Carolina University is requesting proposals from qualified design firms for the subject project. Detailed project information is as follows below.

The Biology Greenhouse on the main campus does not meet current departmental and institutional research needs. This project comprises 7360 SF of new greenhouse/headhouse facilities. The greenhouse portion will have multiple rooms for research and teaching, and will be two thirds conventional greenhouse and one third containment greenhouse. The support building is for plant processing and storage. Both facilities will be designed for future expansion to accommodate ECU’s growing research and development needs in biology.

The greenhouse program would include space for a plant biochemist, corn development, biotech/transgenics, gene expression, plant breeding systems and native taxa, future faculty, collection space and circulation. Certain of these programs are required to be located within the containment greenhouse. The support building would house bulk storage, large equipment, sample processing, work space, chemical storage, materials storage, offices, toilet facilities, lockers, cold room, and an autoclave room.

The ECU project manager for this project is Michael Talton. Interested firms should submit three (3) copies of your letter of interest and current SF330 to the ECU project manager at the address below by 5 pm, April 18, 2018.
