Q1.

Introduction

Q2.
The UNC Intercollegiate Athletics Report to the Board of Governors fulfills the requirement to disclose the academic characteristics and performance of the UNC system's student-athletes and institutional athletics departments.

This data collection will ask for two years' worth of data (2018-2019 & 2019-2020), reported separately, in order to fulfill all reporting requirements. There will be additional requests for information related to the impact of COVID-19 on each institution's athletics department and student-athletes.

A message was sent to all UNC chiefs of staff outlining this data collection on February 4, 2021.

The deadline for completing this survey is April 9, 2021.

Q3. Survey Instructions

- You are receiving this survey invitation because you have been designated as the institutional contact for this data collection.
  - You may forward the email invitation you received to anyone at your institution who is authorized to enter data.
  - This will allow for multiple users to access the survey and enter data.
- You may enter and exit the survey at any time, but in order for data to be saved on any screen, you MUST hit the arrow to go to the next screen--this records your answers.
  - Only ONE user can access and enter data at a time. If multiple survey windows are open simultaneously, the survey will not be able to combine responses and your institutional answers will not be automatically combined.

You may download a blank copy of the survey to facilitate data entry without navigating through the online form here: UNC System Intercollegiate Athletics Survey 2018-19, 2019-20 OUTLINE.

Completing the Survey

1. Upon completing your data entry, you will be able to receive a summary of your responses after clicking the "SUMMARY" button in section "12. Conclusion".
2. Upon clicking the "SUMMARY" button, you will receive a summary of your responses. This may be used to share with your chancellor and other institutional officials.
   - At this point, the survey HAS NOT been submitted to the UNC System Office.
3. After your data is reviewed and approved by your chancellor, please go back to into the survey and indicate chancellor approval by selecting "yes".
4. To officially submit your institution's data entries, click the "SUBMIT" button at the bottom of the summary page.

Q15. **5.1.** Per UNC Academic Integrity Regulation ([700.6.1(R)](https://example.com)) and Guidelines ([700.6.1(G)](https://example.com)), please provide information for the following questions related to academic integrity. The review consists of three steps:

1. Flagging and reviewing all course sections with possible clustering of student-athletes.
   - Flagged courses are defined as student-athletes making up more than 25% or more of the section enrollment at time of census.
   - The review consists of examining the grade distribution between student-athletes and non-student-athletes in flagged sections and the grade distribution between flagged sections and non-flagged sections of the same course.
2. Reviewing the transcripts of any student-athletes enrolled in three or more flagged courses.
3. If Steps #1 and #2 lead to identifying irregularities with regards to student-athletes and course clustering, then a document should be submitted (see 5.4) explaining these irregularities and steps taken to review and ameliorate the irregularities.

Please note:
- Student-athlete data for 5.2., 5.3., and 5.4. in this section should include data across all terms in the academic years (2018-19 and 2019-20).
- Question 45.5. asks for Spring 2019 and Spring 2020 data only.

**Q16. Review of Course Clustering**

**5.2.** Please provide a summary of findings for the analyses of student-athlete clustering in course sections.

- See **UNC Policy 700.6.1.1(G)** Sections V.A.1 and V.A.2
- Please note that **UNC Policy 700.6.1.1(G)** states that all course sections flagged for possible course clustering will be reviewed using the following steps:
  1. Grade distribution between student-athletes and non-student-athletes in flagged sections.
  2. Grade distribution between flagged sections and non-flagged sections of the same course.
  3. Review of transcript of any student-athlete who enrolls in more than three flagged sections per academic year (including summers).

Q24. **10. Impact of COVID-19 on intercollegiate athletics**

Q25. **10.1.** The impact of COVID-19 on individuals, institutions, and nations has been tremendous. We do not overlook the impact that the pandemic has had on the lives of all students in the University of North Carolina, including student-athletes. If you would like to share any information regarding how COVID-19 has impacted your student-athletes and the athletics enterprise at your institution, please do so in the space below.
Following is a list of impacts that affected either the student, the institution or both. From a playing season perspective – 2019-20 conference/NCAA championships were cancelled for the winter sport programs. All 2019-20 spring sports had their season cancelled. Summer required activities for basketball and football were paused for a portion of the summer. In 2020-21, sport seasons continue to be disrupted and delayed by COVID. The NCAA and AAC shifted the soccer, volleyball, and cross-country championships to the spring 2021 semester. From a student-athlete academic perspective – Spring 2020 courses were changed to all online in the middle of the semester. Fall semester shifted from a mix of face-to-face, hybrid, and online to all online after the start of the semester. The majority of academic support services were remote: tutoring, academic meetings, and most study halls. From a student-athlete campus perspective – Some student-athletes were forced to move back with their parents/legal guardians for the remainder of the spring semester and throughout the summer. Other students were forced to move to different residence halls multiple times due to quarantine/isolation and the consolidation of residence halls once classes moved online. International student-athletes were concerned throughout the spring/summer due to the uncertainties of the travel bans and if their F-1 visa status would remain in status with shifts to online coursework in fall 2020. From a student-athlete mental health perspective – Mental health was a concern from all the uncertainties that continued to evolve. From an institutional perspective – Athletics staff, coaches, student-athletes, fans, donors, etc. were all affected by the pandemic as it relates to college athletics. Attendance restrictions were implemented. Athletics staff were required to work remotely beginning in March 2020 and many continue to work remotely. Staff furloughs were implemented due to budget restraints. Coaches were no longer able to recruit or interact with their teams or coach. Specific departmental staff had to take on new roles and responsibilities. COVID policies, opt-out policies, and testing procedures were having to be drafted and implemented immediately. Additional monetary costs to athletic departments due to COVID testing were incurred.
