Meeting of the Board of Trustees Budget, Finance, & Infrastructure Committee April 11, 2024

### **AGENDA ITEM**

III.	All Funds Budget	Stephanie Coleman
		Vice Chancellor for Administration and Finance

**Situation:** FY25 ECU ALL-FUNDS BUDGET is recommended for approval.

**Background:** To further the financial management of The University of North Carolina System and its

constituent institutions, in 2022 the UNC System recommended that an all-funds budget be developed and executed by each constituent institution of the UNC System beginning with FY 2022-23. Further, UNC System Office guidelines directed that all-funds budgets are to be approved by each institution's Board of Trustees and reported to the President

of the System and the Board of Governors annually.

Assessment: The 2024-25 ECU All-Funds Budget is in accordance with the UNC System Office

guidelines for consideration by the Board of Trustees.

**Action:** This item requires a vote by the committee and a vote by the full Board of Trustees.

### **AGENDA ITEM**

IV. Campus Safety Report...... Bill Koch, Associate Vice Chancellor for Campus Safety & Auxiliary Services

Jason Sugg, Chief of Police

**Situation:** Annual presentation of major campus safety initiatives, crime data and injury statistics.

Background: This presentation is required by UNC Policy 1300.9 – Policy on Providing Safety and

Security Presentations to University Boards. This annual campus safety report provides relevant data and information concerning campus safety and security, sexual assault,

alcohol and drug use, risk management and associated institutional policies.

**Assessment:** Following a national trend, crime rates are returning to pre-COVID levels as the campus

and surrounding community return to normal operations and activity levels. Campus injury and lost day rates remain below the current industry average for Colleges, Universities and Professional Schools sector. The ECUPD and EH&S units are strategically

targeting key areas to further improve campus safety.

**Action:** This item is for information only.

# **CAMPUS SAFETY**

# Annual Safety and Security Update 2024

# **Notable Internal Trends**

- ECU Police Leadership Change:
   October 2023, Jason Sugg
   appointed Chief of Police at ECU.
  - Sugg is a 25-year veteran of the ECU Police Department.
  - Greenville Police Chief Ted Sauls and Chief Sugg both reaffirmed their commitment for continued collaboration for the University community.
- Succession Planning: Retirements of long-serving staff provide challenges and opportunities.
  - 2024, four retirements scheduled
  - In an excellent position to carry forward with current human resources.

# **Initiatives and Outreach**

### Student Safety Committee:

Formed in 2018 as a student safety advisory board.

- Continues to review and finalize our Pirate Pedestrian Pathways (pedestrian corridors).
- Coordinates the annual safety walk
- 2024 safety walk is scheduled for April 16<sup>th</sup>

### Pirate Mental Health App Testing:

- Noted successes in making mental health and safety information available to the community.
- Determined that our current LiveSafe app was a more effective choice.

# **Initiatives and Outreach (Cont.)**

### • Crime Prevention and Safety Programming:

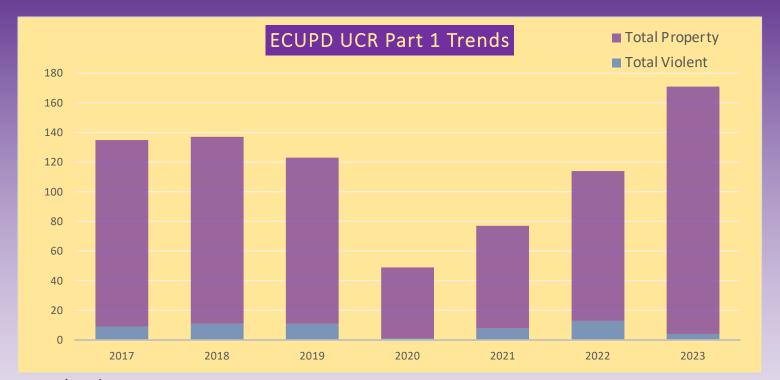

- 2023 saw 173 safety related programs and reached some 12,563 people. Programs include general crime prevention, youth programs, child safety programs, resources tables, and other relevant topics.
- 30 in-person Active Shooter training presentations in 2023 reaching about 800 people.
- 7 in-person Active Shooter training presentations in 2024 so far, reaching about 400 people.

### Active Assailant Instructional Videos:

- EH&S, ECU Police and Human Resources collaborated to implement mandatory annual active assailant training for all employees
- Classroom video for faculty/student audience created jointly with Faculty Senate and students
- Additional videos planned and even requested by Campus Living as well as Dining

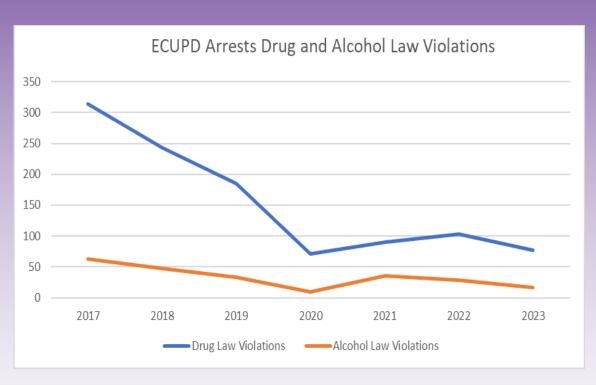

### Over the last seven years:

- Violent crime reports 56% lower than in 2017
- 27% increase UCR1 crimes (larceny reports up 37%)
  - Return to pre-COVID activity and crime levels (2019 -2022)
  - Larceny: crime of opportunity (169 reports in <u>2023</u>)
    - 56% Clearance rate
    - 7% juveniles (bike and scooter thefts)
    - 14% were thefts from The Galley/all solved
      - Security Technology working with Dining to enhance camera system which led to case

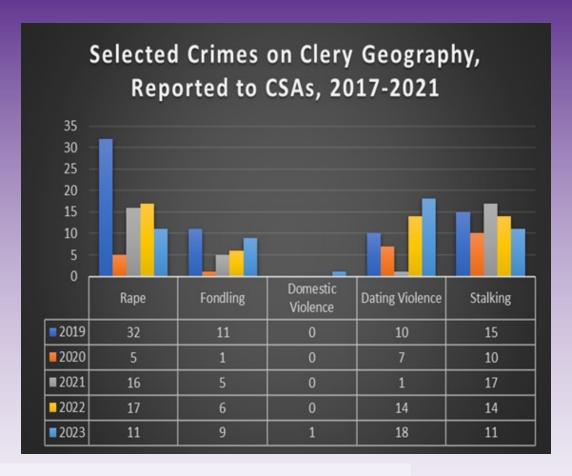

### **ECUPD Drug and Alcohol Violations**

- Drug law violations on campus have decreased 75% since 2017. 2023 had 58% fewer drug related incidents than were reported in 2019.
- Alcohol related incidents have declined 73% since 2013 and decreased 48% since 2019.
- Between 2022 and 2023, drug law violations decreased 25% and liquor law violations decreased 39%.
- For more information on crime reporting, outreach activities and prevention programs, please refer to the Annual Security Report (ASR) at https://police.ecu.edu/ annualsecurity-report/.

While there are some ebbs and flows, here are the average number of cases reported to ECU's CSAs (on ECU's Clery Geography):

11 rapes, 9 fondling, 1 domestic violence, 18 dating violence, and 11 stalking.

### 6<sup>th</sup> Accreditation Award \*\*\*with Excellence\*\*\*

National Commission on Accreditation of Law Enforcement Agencies (CALEA) Conference, March 24, 2024, Montgomery, Alabama.

ECUPD awarded its 6<sup>th</sup> Accreditation, awarded with Excellence, meaning ECUPD exceeds basic CALEA accreditation standards, and had no standard issues in the previous 8 years of accreditation assessments.

ECUPD was 1 of only 3 agencies, out of 93 in attendance, to receive the Excellence designation.

Success attributed to dedicated staff & superior support from ECU leadership team.

ECUPD: CALEA accredited since 2007, & also IACLEA accredited.

# Goals

### Enhanced Crime Analysis

 Staff already identified for training

## Continued Organizational Excellence

 Fill vacancies due to retirements, including Deputy Chief position

### Seek Grant Funding

- Grant training/ECU
- Aggressively go after grant funding
- Maximize grant potential

٧.	Legacy and Jones Residence Halls Comprehensive	
	Renovations Building Elevation Approval	William Bagnell
		Associate Vice Chancello
		for Campus Operations

Situation: Presentation of intended building elevation for the Legacy and Jones Residence Halls

Comprehensive Renovations project.

**Background:** Jones Hall and Legacy Hall were built in 1960. Almost all of the original building systems

(plumbing, mechanical, and electrical) are original and past their life expectancy. The scope currently has both buildings getting roof replacements, window replacements (they have the original windows), abatement, complete bathroom renovation and reconfiguration. The bathrooms currently span a building expansion joint and this has caused significant leaks between floors and damage over the years. The new configuration will allow for private bathrooms and remove all fixtures from the vicinity of the expansion joint. The scope also includes removing the original radiators and replacing them with window-mounted heat pumps. The electrical distribution within the buildings will also be brought up to the current code. Legacy is the only residence hall on College Hill that is not ADA-compliant. The scope for Legacy includes a small addition on the front of the building to create a ground-level entry and accommodate

the building's first elevator.

**Assessment:** The Design Team and campus constituents have reviewed numerous elevations for the

revised Legacy Residence Hall elevation. The elevations shown for approval are the

result of much assessment and have been determined to be the most favorable.

**Action:** This item requires a vote by the committee, with a vote by the full Board of Trustees

through the consent agenda.

VII-1. Neurosurgery and Spine Center Lease Agreement	Stephanie Coleman
	Vice Chancellor for Administration and Finance

Situation: ECU Physicians request to lease by disposition clinical and office space at 2325

Stantonsburg Road to ECU Health.

**Background:** ECU Physicians recently purchased the Neurosurgery and Spine Center from the ECU

Real Estate Foundation. ECU Health desires to continue to lease the space.

ECU Physicians proposes to enter a five-year lease commencing 5/1/2024 at the rate

of \$308,233.00 with 2% rent escalation.

VIII.B. EHRA Salary Increases	Stephanie Coleman
	Vice Chancellor for Administration & Finance

Situation:

This is an informational report of all EHRA salary increases approved during the reporting period pursuant to authority provided in the University of North Carolina Policy Manual 200.6 and the University of North Carolina Policy Manual 600.3.4.

Background:

The Board of Trustees has been delegated authority over certain personnel actions, and the Board of Trustees has delegated that authority to the Chancellor to the fullest extent allowed by the delegations and in accordance with applicable UNC Policy Manual provisions and/or Board of Governors directives, including in the June 14, 2022 Resolution to Amend and Restate Delegated Authority from the Board of Trustees of East Carolina University. The Chancellor further delegated this approval to the Vice Chancellors, Chief of Staff, Dean of BSOM and Director of Athletics. This report is to provide a summary of all salary actions approved using this delegated authority during the reporting period. Please note that the report contains confidential personnel information in accordance with N.C. Gen. Stat. §126-22, et seq.

**Assessment:** 

This report covers January 1, 2024 through February 29, 2024, and includes the following:

- 154 permanent salary increases
  - 83 of which are funded by the Nursing Faculty Salary Adjustment Fund (recurring state-appropriated funding)
  - 20 of which are in accordance with the BSOM ECU Physicians Clinical Faculty Compensation Plan
- 20 temporary salary increases

**Action:** This item is for information only.

VIII-C. State Retirement Pension Spiking Monthly Report

Stephanie Coleman Vice Chancellor for Administration & Finance

Situation:

In order to assist employing agencies with planning and budgeting to comply with the Contribution-Based Benefit Cap (CBBC), the State Treasurer's Office provides a monthly report of members who may require additional employer contributions should they elect to retire in the following 13 months from the date on the report. The Chief Financial Officer is required to provide a copy of the report to the Board of Trustees.

Background:

During the 2014 General Assembly session, CBCC legislation was enacted effective January 1, 2015. This legislation was created to control the practice of "pension spiking" in which a member's compensation substantially increases resulting in a monthly retirement benefit that is significantly greater than the member and employer contributions would fund. The CBBC was created to protect each system from absorbing the additional liabilities caused by compensation decisions made by other employers. This legislation applies to members who retire on or after January 1, 2015, with an average final compensation of \$100,000 or higher (adjusted annually for inflation) and requires the member's last employer to pay the additional contribution required to fund the member's benefit in excess of the cap.

**Assessment:** 

The report provides a list of potential employees, including those whose compensation average may approach the threshold. It includes employees who may be eligible to retire in the next 13 months (at a reduced or unreduced benefit), whose salary is \$100,000 or greater, and whose estimated monthly retirement benefit exceeds the CBBC based on information in the employee's most recent annual benefits statement. The list is not exhaustive, and members included on the lists may or may not exceed the CBBC upon retirement. This is merely a notification of a potential cost that ECU may be required to pay, in the form of a lump-sum payment, due after the member retires. When a member submits their intent to retire, the State Treasurer's Office completes a Pension Spiking calculation using the CBBC and provides a statement to ECU if it is determined that additional contributions are due. Employers are not required to pay the additional contributions for employees hired on or after January 1, 2015.

**Action:** 

This item is for information only.

VIII-D. Employment of Related Persons Report for 2023	Stephanie Coleman
	Vice Chancellor for Administration & Finance

Situation:

This is an annual informational report the Chancellor is required to present to the Board of Trustees in accordance with applicable University of North Carolina and East Carolina University Anti-Nepotism Policies and Guidelines, concerning specific cases during the preceding year in which the terms of the Policies were applied. [The UNC Policy Manual 300.4.2, *Employment of Related Persons (Anti-Nepotism Policy)* and the East Carolina University *Employment of Related Persons (Anti-Nepotism) Policy* (POL06.05.02) (the "Policies"); and, The UNC Policy Manual 300.4.2.1[G], *Guidelines on Implementing Anti-Nepotism Policy* (the "Guidelines").]

**Background:** 

The Guidelines require that the annual report set forth the circumstances for those cases in which the nepotism question arose during the preceding year:

- 1) All cases in which an individual making written application for employment was denied employment because of the requirements of the Policies and Guidelines (e.g., the employment would have resulted in one relative supervising another, or an unrelated candidate had demonstrably superior qualifications); and
- 2) All cases in which concurrent employment of related persons was allowed (e.g., the supervisory relationship was not "direct," or there were no other candidates for the available position whose professional qualifications were demonstrably superior to those of the relative). In instances in which the concurrent employment of related persons was permitted, ECU ensured there was no direct supervisory relationship between the related persons (e.g., through the development of management plans).

Assessment:

We have sought and received information from each division for this report, and are confirming that East Carolina University is in compliance with the Policies and Guidelines. In addition, more specific information as noted, above, can be found on the attached spreadsheet. [Please note that this year's report includes specific information regarding all cases of concurrent employment, not only those identified since the prior year's report.]

Please note that the attached spreadsheet contains confidential personnel information in accordance with N.C. GEN. STAT. §126-22, et seq.

**Action:** This item is for information only.

VIII.E. Campus Safety Report...... Bill Koch, Associate Vice Chancellor for Campus Safety & Auxiliary Services
Jason Sugg, Chief of Police

**Situation:** Annual presentation of major campus safety initiatives, crime data and injury statistics.

Background: This presentation is required by UNC Policy 1300.9 – Policy on Providing Safety and

Security Presentations to University Boards. This annual campus safety report provides relevant data and information concerning campus safety and security, sexual assault,

alcohol and drug use, risk management and associated institutional policies.

**Assessment:** Following a national trend, crime rates are returning to pre-COVID levels as the campus

and surrounding community return to normal operations and activity levels. Campus injury and lost day rates remain below the current industry average for Colleges, Universities and Professional Schools sector. The ECUPD and EH&S units are strategically

targeting key areas to further improve campus safety.

**Action:** This item is for information only.

## CAMPUS SAFETY & AUXILIARY SERVICES 2024 Annual Safety and Security Report<sup>1</sup>

#### **April 11, 2024**

#### **ECU POLICE**

The ECU Police Department's mission is to cultivate a safe learning environment through quality professional law enforcement, emergency response readiness, crime reduction initiatives, and community outreach/education.

#### **ECU Police Leadership Change**

In October 2023, Deputy Chief Jason Sugg was appointed the new Chief of Police at ECU. Chief Sugg is a 25-year veteran of the ECU Police Department. Greenville Police Chief Ted Sauls and Chief Sugg both reaffirmed their commitment for continued collaboration and partnerships in helping to maintain the safety of the campus and surrounding community. All mutual relevant aid agreements were updated, and a continued, strong relationship is in place moving forward. Chief Sauls has a strong history of effective partnerships with ECUPD to help keep our campus community safe.

#### **Succession Planning**

The ECUPD is undergoing a transitional period in supervisory and leadership positions: a trend which will continue for 2-3 more years. Pending retirements of long-serving personnel provide both challenges and opportunities. Having a robust career development program, which we do have, allows for individuals to be prepared to fill these positions. However, the loss of institutional knowledge, particularly with 30-year employees, cannot be overlooked so cross-training and preparation of remaining staff are vital components.

In 2024, we have four retirements scheduled, two of which have occurred and two more are planned for May and October. These are supervisory positions. We have conducted assessment centers and have successfully identified excellent candidates to fill these positions thus far. We still have work to do as these retirements manifest, however we are in an excellent position to carry forward with current human resources.

#### **Student Safety Committee**

A Student Safety Committee was formed in 2018 to act as an advisory board regarding safety and security issues within the student body. The Committee continues to review and finalize our Pirate Pedestrian Pathways. These pathways will be the primary north, south, east, and west after-hours pedestrian corridors. The Committee also coordinates the annual safety walk where students and staff walk campus at night and list any areas where there are lighting and other safety issues and point out potential areas for blue light phones and cameras. The 2024 safety walk is scheduled for April 16<sup>th</sup>, 2024.

<sup>&</sup>lt;sup>1</sup> For more information regarding safety and security at ECU, please refer to read our Annual Security and Fire Safety Report at <a href="https://police.ecu.edu/annual-security-report/">https://police.ecu.edu/annual-security-report/</a>.

#### **Pirate Mental Health App Testing**

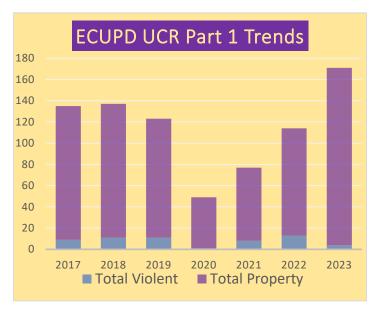

ECU, along with ECUPD and partners such as EH&S, SGA, and Student Affairs, conducted a semester-long testing period of the Harbor mental health app, also known as SafeZone in other locations. The test, while noting successes in making mental health and safety information available to students, ended at the conclusion of the fall 2023 semester. It was determined that using our current LiveSafe app, which has a much higher current subscribership and familiarity for the ECU community, was a more effective choice to make that same information available to our users. The LiveSafe app was updated to include lessons learned during testing.

#### **Crime Prevention and Safety Programming**

All officers within the ECU Police Department participate in programming, however the Community Affairs Unit is specialized in providing crime prevention and safety programming and evaluations. In 2023 the Community Affairs Unit conducted 173 safety related programs and reached an audience of 12,563 people. Programs include areas of general crime prevention, youth programs, child safety programs, workplace violence prevention and response (including active assailant training), resources tables, and other relevant topics.

#### **Active Assailant Instructional Videos:**

EH&S, ECUPD, and Human Resources collaborated to implement mandatory annual active assailant training for all employees. ECUPD has also partnered with groups such as Faculty Senate, SGA, Student Affairs, and University Communications to create short, quality, instructional videos that address different spaces. For example, one was a classroom specific video for faculty/student audience to assist in communicating expectations during a critical incident. Additional videos are being planned for additional areas, such as Campus Living.

#### ECUPD 7 Year Trend<sup>2</sup>

UCR1 crimes reported to ECUPD were 27% higher in 2023 compared to 2017. The sole reason for this increase is the number of reported larcenies rose 37%. While the increase in reported larcenies may be partially explained by the return to normal operations (more people on campus will mean more reported crimes), 2023 does rise above our pre-pandemic average and we will continue our analysis to see if that trend continues or if we will see a regression to the mean. There were 169 reported larcenies in 2023. 4% were unfounded cases. 56% of the cases were solved with 38% resulting in arrest. 7% were committed by juveniles. 25 of the 169 reports were a result of a spike in thefts from The Galley in Jones Hall in 2023. All those cases were solved.

During the same period, all violent crime data points either remained the same (murder stayed at zero) or decreased. Overall, violent crimes reported to ECUPD in 2023 were 56% lower than they were in 2017.

<sup>&</sup>lt;sup>2</sup> These are incidents reported to ECUPD. UCR1 refers to Part 1 (serious violent and property) crimes in the FBI Uniform Crime Report. Violent crimes involve assault, rape, murder, and robbery. Property crime is arson, burglary, larceny-theft, and vehicle theft.

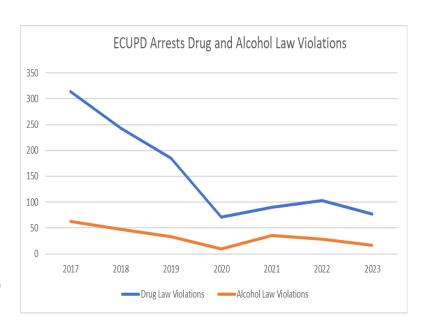

#### **ECUPD Drug and Alcohol Law Violations**

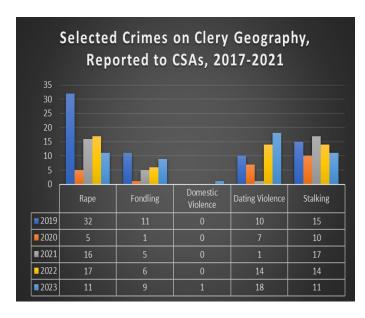

Drug law violations on campus have decreased 75% since 2017. 2023 had 58% fewer drug related incidents than were reported in 2019.

Alcohol related incidents have declined 73% since 2013 and decreased 48% since 2019.

Between 2022 and 2023, drug law violations decreased 25% and liquor law violations decreased 39%.

For more information on crime reporting, outreach activities and prevention programs, please refer to the Annual Security Report (ASR) at https://police.ecu.edu/annual-security-report/.

#### Data Related to Title IX<sup>3</sup>

While there are some ebbs and flows, here are the average number of cases reported to ECU (that occurred on ECU property):

- · 11 rapes,
- · 9 fondling
- · 1 domestic violence
- · 18 dating violence, and
- · 11 stalking

Many of these numbers were greatly influenced by the lack of students on campus during the pandemic. With the students back on campus, it is safe to assume that these numbers are getting back to pre-pandemic averages.

#### **ECU Police CALEA and IACLEA Reaccreditation**

The ECU Police Department received its 6<sup>th</sup> CALEA Advanced Accreditation Award in March 2024; the Department has been accredited since March 2007. The Department is dually accredited with both CALEA and IACLEA, which are the law enforcement agency "gold standard" accrediting bodies in the nation for both agencies in general and campus agencies specifically. In the Department's most recent accreditation, it received a flawless review, required no accreditation standards correction, and received the Advanced Accreditation Award with Excellence at the CALEA conference held in Montgomery, Alabama in March 2024.

<sup>&</sup>lt;sup>3</sup> These are preliminary statistics.

#### Goals

Enhanced Crime Analysis: While we currently do crime analysis, we want to enhance this process to better identify targeted strategies for reducing crime. We have identified staff to attend crime data analysis training.

Continued Organizational Excellence: Related to succession planning, we are currently moving to fill various supervisory vacancies resulting from retirements. We are within that process and roughly halfway there. We have excellent candidates who are prepared to take on these opportunities, but we still have ground to make up in 2024.

Locate Grant Funding/Training: We know we have effective grant managers at ECU, and we will be seeking to work with them for training and grant identification. We want to aggressively go after appropriate grants and maximize that potential to help fund departmental or community needs.

The Office of Environmental Health and Safety (EH&S) operates in a collaborative manner with several university committees and the campus community to provide policies, educational opportunities, program management and consultative services that support regulatory compliance and the mission of the University through the goal of a safe, healthy, and sustainable campus environment. EH&S develops and implements tools and processes to proactively assist the campus in regulatory compliance and management of health and safety risks.

#### **Active Assailant Training**

EH&S collaborated with ECU Police and ECU Human Resources to implement mandatory annual active assailant training for all employees. Faculty Senate, Safety & Security Committee, and other campus stakeholders were also consulted regarding review and implementation of the training. The new required training resides on the Cornerstone learning management system which will allow monitoring of training compliance and automated supervisor and management notification. Notification of mandatory training was sent to campus on January 8, 2024, with the expectation that initial training would be completed by March 11, 2024. ECU Police will continue to work with departments to provide in-person training and response plan development, but the Cornerstone training will help ensure everyone is receiving active assailant training.

#### **Compliance Inventory Matrix Review**

EH&S conducted a review of a compliance inventory matrix utilized by the ECU Regulatory Compliance Committee. The matrix was created by the Higher Education Compliance Alliance and is used to identify compliance gaps. No EH&S compliance gaps were identified during the review (i.e., EH&S and/or other university entities monitor and perform compliance-related tasks for each of the laws or regulations listed in the EH&S category). EH&S will utilize the matrix as a tool to monitor compliance efforts.

#### **OSHA Recordable Injuries**

The University's Workers' Compensation and Injury Prevention programs are administered by EH&S. One component of this program is documenting OSHA recordable injuries and illnesses. OSHA recordable cases include any work-related fatality; any work-related injury or illness that results in loss of consciousness, days away from work, restricted work, or transfer to another job; any work-related injury or illness requiring medical treatment beyond first aid; and special recording criteria (needlesticks, hearing loss, etc.). The 2023 OSHA recordable incidence rate for ECU was slightly above the current national industry average for Colleges, Universities and Professional Schools (industry avg is 1.4; ECU is 1.6). The 2023 lost day incidence rate for ECU was below the current national industry average for Colleges, Universities and Professional Schools (industry avg is 0.4; ECU is 0.3).

#### **Injury Trend Analysis**

EH&S conducts annual review of injury and illness data to identify trends. Trend analysis data is utilized to develop and implement focused prevention strategies to help reduce number, severity, and cost of incidents. *Falls and needlesticks were the most common types of incidents* experienced during calendar year 2023. This is typical of universities with medical schools. Focused prevention strategies will be implemented to help reduce the occurrence of these incidents. Injury data is also presented annually to the University Safety and Security Committee for review and program recommendations.
